Who might benefit from OZONUM

Motto: DESIRE to BREATHE freely

(RESPIRATION; deep; desire to breathe)

to get rid of suffocative feeling,

and respiratory symptoms like cough, airways irritation, chest pain, etc.,

which inhibit smooth breathing pattern, in-and-out-breathing cycle, with an accent on inspiration, to take in-breath;

but in broader sense also the freedom to breathe/live on my own, in my protected yet connected life space;

feelings which are triggered either

1. by physical illness or

2. intolerance of surgical mask/respirator (Mind; dreams; gasmasks, people wearing) or

3. quarantine restrictions (Mind; delusions, imaginations; trapped, he is; Mind; delusions, imaginations; influence, is under a powerful) or

4. by fear of contagion, poluted air, droplets (Mind; dreams; disease; plague; Mind; fear; disease, of) or

5. by the mass media's epidemic propaganda (Mind; dreams; disease; sick people; Mind; fear; death, of)

May it be helpful!
